
COMMUNITY UPDATE

WACO FOUNDATION IS COMMITTED to protecting the health and safety of our staff, donors, fundholders and community partners. In an effort to follow guidelines distributed by the CDC and other health professionals, we will close our office effective March 16 and staff will work remotely. As you know, the COVID-19 situation is rapidly evolving and we will continue monitoring developments to determine when our offices will re-open.

WHAT DOES THIS MEAN?

- You can continue to reach our team members via [email](#) and office phone numbers.
- We will continue to process contributions and grant requests.
- Staff responses may be delayed as many are also caring for family. Thank you for your patience.

OUR MISSION

Waco Foundation will continue our work to improve quality of life in McLennan County. We know the current situation is difficult and disruptive, and will almost certainly create hardships for many of our citizens. The Foundation will work with community and nonprofit leaders to support the needs of Waco today and in the future.

PRUDENT MANAGEMENT

Waco Foundation is committed to protecting the long-term value of our community's charitable assets. Founded more than 65 years ago, the Foundation is no stranger to market volatility and has strategies in place to mitigate the impact of downturns. Our Investment Committee is working closely with our investment consultant, Neuberger Berman, to monitor the market and the Foundation's investments.
