

Guide to Financial Aid for College

Types of Financial Aid

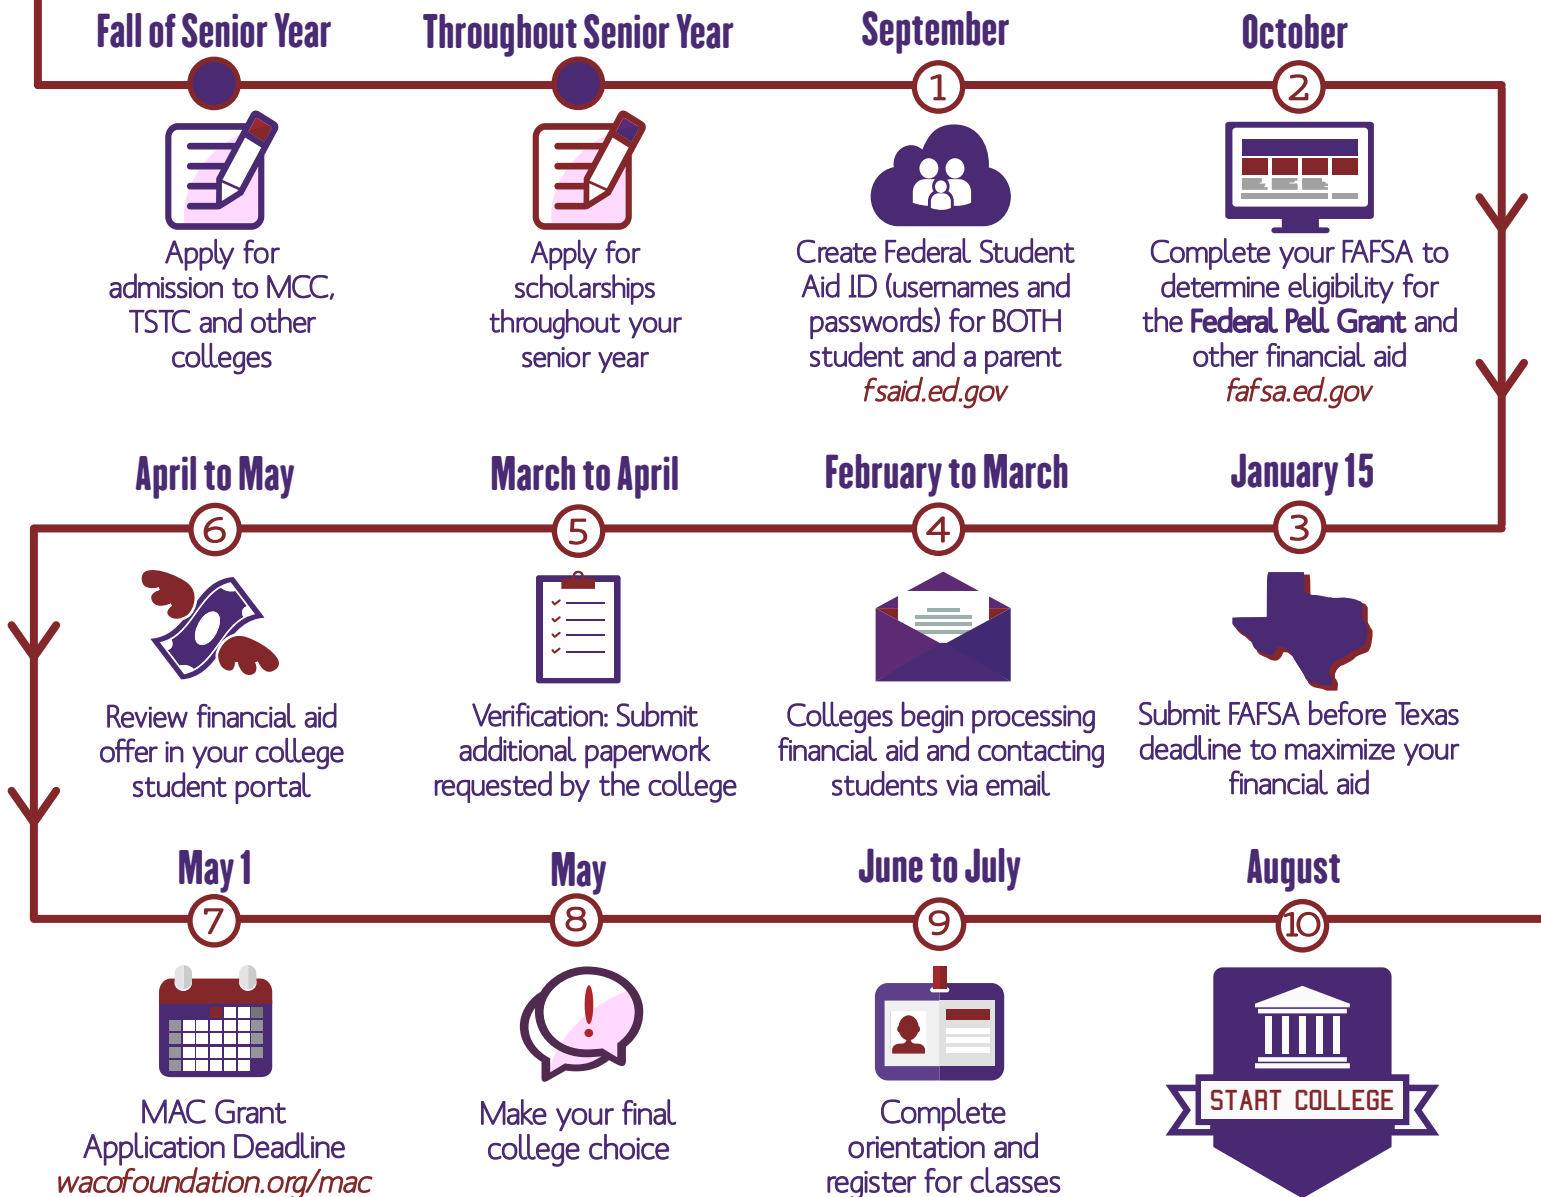

Grants: free money awarded based on a family's financial need, such as the **Federal Pell Grant**.

Scholarships: free money awarded based on a student's merit (i.e. grades or extracurricular activities) or a combination of merit and financial need.

Work-Study: a part-time job for a student with financial need to earn money and gain work experience.

Loans: borrowed money paid back with interest starting six months after the student graduates. Loans should be considered a **last resort** for college funding.
